## INTERNSHIP

---

### Google Data Analytics

June24– July24

*Coursera*

- Gained hands-on experience in data analysis, including cleaning, organizing, and visualizing data to support informed business decisions.
- Developed proficiency in SQL, Excel Spreadsheets, and R programming, using these tools to analyze complex datasets and derive actionable insights.
- Designed and built interactive dashboards using Excel to effectively visualize data trends and present findings to stakeholders.

## PROJECTS

---

### Fraud Detection in Financial Analysis

Mar24 – Apr24

*AI And ML*

*Python, TensorFlow,Pandas*

- Developed an end-to-end system for identifying and preventing fraud activities in financial transactions.
- Employed Python libraries including pandas, NumPy, TensorFlow, and scikit-learn for data manipulation, model training, and evaluation.
- Resulted in a scalable fraud detection system that significantly improved accuracy over traditional rule-based systems.

### Netflix Clone

Feb24 – Mar24

*Front-End*

*HTML, CSS, Javascript, Bootstrap*

- Designed a clone of Netflix for responsive design principles to ensure seamless user experience across various devices and screen sizes
- Employed JavaScript for front-end development, creating interactive components for browsing and searching media content.
- Deployed site for browsing series and movies and popular content as trailer in carousel.

### Face Recognition System

Feb23 – Apr23

*Artificial Intelligence*

*Python, Tensorflow, OpenCv*

- Successfully designed and implemented a face recognition system that incorporates soft biometric features for enhanced accuracy.
- Utilized SQL for database management and Python for developing the recognition algorithms and system functionality.
- Gained in-depth understanding of biometric data processing and enhanced skills in building robust, scalable recognition systems using Python and SQL.

## CERTIFICATIONS

---

### Google Data Analytics

July 24

*Coursera*

### Javascript Essential Training

Oct 22

*Linkedin Learning*

### Succeeding in Web Development:Full Stack and Front End

July 22

*Linkedin Learning*

## TECHNICAL SKILLS

---

**Programming Languages:** Python, C++, SQL, Html, CSS,Javascript

**Technologies/Frameworks:** React js,Bootstrap

**Skills:** Problem-Solving , Team Management, Adaptability

## EDUCATION

---

### Lovely Professional Univesity

Jalandhar, Punjab

*Master's in Computer Application -CGPA 7.4*

*Aug 2024 – Present*

### Birla Institute Of Technology Mesra

Ranchi,Jharkhand

*Bachelor's in Computer Application CGPA-8.2*

*Aug 2020 – may 2023*

### SNSVM

Ghatsila,Jharkhand

*Intermediate 74%*

*2018 – 2020*
